RESPONSE TO NOTICE OF NON-COMPLIANT AMENDMENT

This paper is filed in response to the Notice of Non-Compliant Amendment mailed September 22, 2006, in the above-identified patent application, and is filed within the one month period for response set in the Notice of Non-Compliant Amendment.

In the response filed June 28, 2006, the Applicants inadvertently failed to provide the proper status identifier for Claim 18. The following claim listing is submitted to correct this error regarding Claim 18 and reply to the Notice of Non-Compliant Amendment. In addition, Applicants submit a copy of page 16 of 18 of Applicants' Amendment filed June 28, 2006 in view of the note in the Notice of Non-Compliant Amendment that page 16 was illegible as originally received at the USPTO. The amendments to the disclosure and the comments regarding the allowability of the claims are contained in the response filed June 28, 2006.
